

ATL: self-management and thinking skills

For each of the following, identify the impact of growing nationalism and militarism along with the internal situations in Japan and China on Japan's foreign policy. After you have completed the grid discuss the importance of the West with regard to these events: **Did Western action or inaction have a key impact?**

	Impact of Nationalism	Impact of militarism	Impact of internal situation within Japan (political and economic)	Impact of events within China
Mukden Incident				
Marco Polo incident and invasion of China				
Tripartite Agreement				
Attack on Pearl Harbour
